

- o) At the end of the Winter season the two top teams in each division, except the highest, shall be eligible for promotion to the next highest division, apart from Divisions 2a and 2b where one team shall be eligible for promotion. The bottom two teams in all divisions, except the lowest, shall be liable to relegation to the next lowest division.
- p) In the event of a tie on points in any division, promotion and relegation issues shall be settled on sets won, and if there is a tie on sets won then games won shall count.
- q) In the event of a dispute, the matter shall be referred to the Committee whose decision shall be final and binding.
- r) In bad weather, away teams must turn up to play, unless advised otherwise by the home team..

### **15. WINTER MIXED LEAGUE**

The rules for Winter Mixed League shall be applied in conjunction with the existing Winter League Rules, except 14(c) and the first sentence of 14(d), in addition to the following.

- a) The Mixed League format shall consist of 2 mixed pairs playing 2 tie-break sets (at 6 all) against each of the opposing pairs.
- b) Fixtures are home and away with the option for the home team to elect to play either weekday evenings under floodlights or daytime at the weekends.
- c) Start time to be the home team's choice, but no earlier than 10:00 weekends or 18:30 weekdays (Match Secretaries should allow enough time to complete evening matches).

### **16. TIE-BREAKS**

- a) In a tie-break, the next player to serve shall have one service only (from the right hand court). Thereafter, service shall continue in the original order, each player having two services, one from the left-hand court followed by one from the right hand court. After every six points scored, players shall change ends, the service order remaining unchanged. The first pair to score seven points, with a lead of at least two clear points, shall be the winner of the set. If this requirement is not fulfilled, play shall continue until one pair is two clear points ahead, when that pair shall be the winner. The opening game of the set following a tie-break set shall be served by the side which received the first point in the tie-break game.
- b) A "Deciding Match Tie-break" is when the players who win the first ten points shall win the match tie-break and the match, provided there is a margin of two points over the opponents. When using the deciding match tie-break to replace the final set the original order of service continues. In doubles the order of serving and receiving within the team may be altered as in the beginning of each set (i.e. it counts as a new set). After every six points scored, players shall change ends, the service order remaining unchanged. This will count as 1 set and 1 game in the event of sets or games countback at the end of the season. The scorecard should show the 3rd set as 1-0 or 0-1.
